

## PORTUGAL, COUNTRY OF THE YEAR AT CINEGÉTICA 2015

In 2015, **Cinegética** will have **Portugal** as the **Official Country and Main Sponsor**, a fact which demonstrates the international nature of the event and demonstrates the importance of the fair beyond our borders.

This is an initiative of the **Portuguese Farmers Confederation (CAP)**, in the framework of the "**Portugal sou eu**", who are the main sponsor of the show.

The presence of Portugal in Cinegetica 2015 will be further supported by the **Portuguese Chapter of Safari Club International (SCI Lusitânia Chapter)** and two other large organizations in the Portuguese hunting, **ANPC (National Association of Owners and Producers of Caça)** and **CPM (Clube Português de Monteiros)**.

Portugal will have a suitable space in **Cinegética**, where twelve Portuguese companies will gather to show the public the wealth of hunting in our neighboring country, such as the small game with partridge, or the big game with traditional driven hunts, along with the exciting stalking of all of the indigenous like Red Stag, Fallow Deer, Mouflon Sheep and Roe Deer, in the best areas of Portugal.

Also, other hunting opportunities will be offered along with tourism programs that will promote Portuguese culture.
