

## CINEGÉTICA 2016. THE HUNT IS COMING

The new hunting season is coming! The roar of the red deer, and the barking of the hounds on our mountains, will create the memories which will be shared later on. The flight of the partridges will mix with the sound of the shots. For six months, thousands of hunters will travel throughout Spain to live their passion.

At the end of the season, CINEGETICA 2016 will congregate all the hunters, where they will meet with their friends to share hunting experiences, hire multitude of services such as taxidermy of trophies and plan their next hunts.

And also they will find everything needed to fully enjoy their hobby: weapons, optics, latest developments in ammunition, clothing and accessories of the highest quality which, for sure, will satisfy the most demanding hunter.

Live your passion for hunting, fishing and nature in **CINEGETICA 2016**, at **Hall 5 of the Convention Centre of Madrid IFEMA**, from **17<sup>th</sup> to 20<sup>th</sup> of March, 2016**.
